

## LCD TFT ADVERTISING SCREENS

Centrad offer a range of LCD screen solutions with a built-in media player (CF card). A range of screen sizes and resolutions are available from 7" to 32". The built-in media player utilizes CF cards (type I/II) and supports JPEG, MPEG1, 2, 4 and MP3, with content updates via a USB port. Other standard features include IR remote control, stereo speakers and motion sensor. The displays are built with a rugged metal surround in a black, grey or silver finish. An open chassis version is also available for integration into shop displays, furniture, walls and cabinets.

### Benefits and features include;

- IR Remote Control
- Motion Sensor Activation
- Custom Graphics
- USB Updates
- Stereo Speakers
- Supports JPEG, MPEG 1, 2, 4 and MP3
- Built-In Media Player (utilizing CF Card Type I / II)
- Ideal for applications such as vehicle advertising, shop counters, reception areas, information points or showroom displays
- Available in various sizes from 7" to 32"
